Northside Independent School District

Athletic Code of Conduct

NISD ATHLETIC CODE OF CONDUCT

Northside provides a comprehensive athletic program for the benefit of NISD students. The underlying belief exists that participation in a competitive athletic program can provide students an opportunity to learn responsibility, dedication, leadership, hard work, respect for rules, respect for authority and many other positive qualities. Regulations are established to promote these qualities and to help build and maintain a strong athletic program. **It is recognized that some of the expectations for athletes exceed the expectations for the general student body.** Athletes are expected to follow the district policies and all athletic procedures set by the district and the school. Violations of the rules will result in corrective and/or disciplinary action. The facts and circumstances will be taken into consideration when determining consequences for rule violations.

It is the desire of Northside district and campus athletic staff to educate and counsel our young athletes on the serious harmful effects of substance abuse and the potential consequences inflicted upon themselves, their families, and their respective teammates should they choose to breach the Athletic Code of Conduct. It is also the intent of the Athletic Code of Conduct to provide a clearly defined course for our student athletes to follow and instill a belief that a one time infraction need not result in a permanent pattern in life.

The use, possession or distribution of illegal substances or an athlete's involvement in theft on the campus will be addressed accordingly. The athlete will be provided a hearing and investigation. The hearing process will be established by the principal and athletic coordinator on his/her campus. Any athlete found to be in violation of any of the aforementioned infractions will face disciplinary action.

Once guilt has been determined, the General Guidelines for Student Discipline as outlined in NISD Board Policy (FO(Local)) will be used when possible and applied to all cases concerning the campus athletic code of conduct. The following penalties will be administered throughout the district when infractions occur.

TOBACCO

- No athlete shall, while on or off school premises, use, possess, distribute or be under the influence of tobacco.
- A first offense will result in a two week suspension from game competition. If there is not two weeks remaining in that particular sport season, the balance will be fulfilled in the subsequent sport season. A contract will be required.*
- A second offense will result in dismissal from the athletic program for the remainder of the school year in which the infraction occurred. Another contract will be required.
- A third offense will result in dismissal of the athlete from high school athletics.

ALCOHOL

- No athlete shall, while on or off campus, sell, give, deliver, use, possess or be under the influence of alcohol.
- The first offense will result in a four week suspension from game competition. If there are not four weeks remaining in that particular sport season, the balance will be fulfilled in the subsequent sport season. A contract will be required.*
- The second offense will result in dismissal from athletics for the remainder of the school year. Another contract will be required.
- A third offense will result in dismissal from high school athletics.

ILLEGAL SUBSTANCES

- No athlete shall, while one of off campus, sell, give, deliver, use, possess, or be under the influence of illegal substances.
- A first offense will result in a six week suspension from game competition. If there are not six weeks remaining in that particular sport season, the balance will be fulfilled in the subsequent sport season. A contract will be required.*
- A second offense will result in dismissal from high school athletics.

THEFT (on campus)

- Any athlete guilty of theft on campus will face the following consequences:
- A first offense will result in a 3-6 week suspension from game competition determined by the value and circumstances involved in the theft. If there are not 3-6 weeks left in that particular sport season, the balance will be fulfilled in the subsequent sport season. A contract will be required.*
- A second offense will result in dismissal from athletics for the remainder of the school year. Another contract will be required.
- A third offense will result in dismissal from high school athletics .

Other

Behaviors that are identified by the Texas Education Code, Section 37.007, may also result in suspension or dismissal from the athletic program. These behaviors are identified in the Student-Parent Handbook and are listed as Category Offenses I, II, III and IV of the Code of Student Conduct and will apply to athletes while on or off the campus. Athletes must remain aware that being a part of an extracurricular activity is considered an honor and a privilege and not a right. Therefore, it requires observance of all discipline policies whether or not an athlete is at school or school-related activities.

The discipline consequences for violation of the Athletic Code of Conduct may include suspension or dismissal from the athletic program. Such actions, if any, shall be taken by head coaches only after consultation with the campus athletics coordinator and school administration. Behavioral contract may also be used following various infractions. Consequences for some rule violations may be addressed by coaches through discipline within the student's athletic program (short term suspensions, reduced playing time, role or position reassignment, contracts, etc.) Additional disciplinary consequences can also be imposed by the appropriate school officials for conduct or behavior that violates the District's Code of Student Conduct.

Note:

- If the offense occurs during the summer, the suspension will begin with the first week of game competition.
- If the offense occurs during the season, the suspension will begin with the next game competition.
- If the offense occurs at the end of the season, the remaining suspension games will carry over to the next season, starting with the first contest of the next season.

CONTRACTS

Upon verification of a first offense of the Athletic Code of Conduct, the athlete will be required to attend a conference in which he/she will be presented a contract between the athlete, parent(s) or guardian(s), campus administrator, and his/her coach and athletic coordinator. The contract will reflect an

understanding of the expectations of his/her particular campus and consequences for future rule violations. The contract must be signed by the athlete and his/her parent(s) or guardian(s) prior to his/her reinstatement onto the team for competition.

- We have instituted a “Three Strikes Policy” for the 2010-2011 school year. Three violations of our policies will result in dismissal from the soccer program for the 2010-2011 school year.
- If a student-athlete is truant from the soccer class, it will result in immediate dismissal from the program.

“Three Strikes” Policy

In order for our program to run more smoothly, and to give the people who truly want to be a part of our program every opportunity to do so, we have decided to implement a “Three Strikes” policy for the 2010-2011 school year.

Violations of the policies of the Taft Lady Raider Soccer program will earn an athlete a “strike”. Any player that accrues three strikes will be dismissed from the program. Strikes will not be issued for minor, petty things, but will be issued for what we consider to be major violations. Some examples include:

- *An unexcused absence from the athletic period
- *Not bringing proper workout clothes / Not dressing out without just cause
- *Absences from after-school practices without prior approval from your coach
- *Being anywhere but out on the field or in the training room (with permission from your coach) during 8th period.
- *Missing a game without prior approval from your coach

This is not an exhaustive list, but is meant to show some examples of what athletes might receive a strike for.

When an athlete receives two strikes, we will make every effort to notify the parents about the player’s current standing.

This policy is not meant as punishment – after all, if you are doing what you are supposed to be doing on a daily basis, you will have nothing to worry about. Instead, it is meant to weed out those people who are not serious about being a good teammate and a quality representative of Taft Lady Raider Soccer.

Should you have any questions or comments, please do not hesitate to contact me.

Sincerely,

Scott Davis
